I was just thinking about you buddy. It has been a while since the funeral, but I happened to stumble upon this, and thought I would put my thoughts down and pretend we were chatting like old times. I miss our crazy shenanigans brother. God you were cool. I looked up to you like an older brother. We were cut from the same cloth. Two birds of a feather. Flocking together forever, or whatever. You were my best friend as a young adult brother and I'll always regret driving apart and losing touch. You were my closest friend. Two stroke Engine Forever! Save me a seat at the table brother. Peace.
