We were so sad to read about Shelley's passing. Gerry &

Sierra, please know that we are thinking of you and praying for you at this time.We remember all the times we visited in Cold Lake and how Shelley loved to decorate for holidays.Odd , I remember her doing a workout in front of the tv with a small Sierra joining in too. And she always spoke of Winnipeg as her home and visited her Dad often. Grief is part of Love. And we know you loved her so much. God bless .

My condolences to Shelley's family. A couple of years ago I stopped to meet my newfound cousin while traveling through Moose Jaw. She and husband Gerry welcomed us in. Since then we've both stopped at each other's houses when traveling by. Shelley had such a sweet and loving heart! I'm so glad I got to know her even if it was just for a few short years! My thoughts are with her family at this difficult time!
