Words can’t express what Mary Anne meant to the community of Central Butte and her many, many friends. Her dedication to the clinic was so important and it carried over into her personal relationships with us all. My sympathies to all her family and to her many “like family “ friends.

I have had a bit of time to process the loss of this wonderful woman, who gave so freely of herself for her friends and family. She was a special Auntie Ant to my kids and an important part of our family not just in the 3 years we lived in Central Butte but all the years after.

Dear Mary Ann. This is for you.
You have been such an unconditional loving friend and you are missed so much. You have been there for us every time we asked and you had a knack of knowing when we needed you most. You always showed up with treats and a generous

heart and mostly your time that you gave so freely. We have so many fond memories of your loving and kind ways. My family was also your family and we all loved it when we saw you come through our door. You are missed so much Mary Ann but you probably know that by now. Rest easy dear friend. Miss you forever .

You will not be forgotten my friend . You touched so many lives . Your wry humour and insight was your gift . I hope you know in the great beyond just how much you were cherished … by community , your patients , your friends and their families . I send you love to the other side .
