My condolences on the passing of Alean Wirth.

I once worked with Gord Herman in Saskatoon who was a teacher and then went successfully into the oil business in Alberta.

He too was from Duff, Saskatchewan, and made many references to that during conversations at work.

As Duff was a small community, Alean perhaps knew the

Herman family.

My heartfelt condolences to the family it was a shock when I found out. Glenn and I were good friends growing up in our younger days and we would stay at each other's place and the things we did where she would get so mad at us and then turn around and I think she would have a little chuckle but always kept us in line. As Glenn and I went our different ways I always thought of her being my second mom she was a very nice mother who kept her family as close to her as possible. She will always be in my heart and mind and I will miss her.
